

Adaptive Cycling Community Day & Development Clinic

SUNDAY, MAY 21, 2023 | 2-4 P.M.

UAH – SPRAGINS HALL

205 SPRAGINS HALL, HUNTSVILLE, AL 35899

Are you physically or visually impaired and interested in trying adapted bikes to see what is possible?

Come try out adapted bikes and talk with **Team USA** coaches to try your hand at racing.

Rocket City Trikes will also join us with trikes you can try, which are adaptable to all fitness levels and most special needs.

You can also try your hand in a wheelchair made for wheelchair basketball!

We also hope to have para-athletes from other countries on hand for a meet and greet.

This event is connected to the **UCI Para-cycling Road World Cup** the following weekend, May 26-29, in Cummings Research Park!

**PARA-CYCLING ROAD
WORLD CUP**
