

Para-cycling Classifications

Depending on the physical impairment, athletes compete on road bikes, tricycles, tandem bikes or handcycles. Within the classifications, a distinction is made according to the degree of impairment. Class 1 is the class with the greatest impairment.

ROAD BIKES (C1-C5)

Athletes with an amputation or other impairment

TRICYCLE (T1-T2)

Athletes with coordinative or balance impairment

TANDEM (B)

Athletes with visual impairment

HANDCYCLE (H1-H5)

Athletes with a spinal cord injury or amputation
